NC National Guard Association Corporate Membership Program

The North Carolina National Guard Association's Corporate Membership Program is designed to acknowledge those corporations committed to a strong national defense through a well-manned and equipped North Carolina National Guard.

The North Carolina Army and Air National Guard are vitally important to this nation's national security requirements, in terms of both external as well as internal threats. In this era of shrinking of defense budgets, the National Guard offers a cost effective means for meeting the nation's defense and domestic needs, while our Citizen/

Soldiers provide a unique bond with the general public in doing so.

Our legislative agenda is oriented towards a grass roots effort to educate not only our elected officials as to the benefits of the Guard, but the general public as well. Such efforts are then coordinated to effectively communicate to both the North

Carolina General Assembly and United States Congress the need for positive action in terms of funding, manning and equipping the North Carolina National Guard.

By participating in our Corporate Membership Program, you are exhibiting your support for the National Guard and its goals. We certainly hope you will accept this invitation to join our efforts towards that end, and look forward to working with you on behalf of a strong national defense, and a strong North Carolina National Guard.
